

# The NRHA Lucas Oil Level 4 Open Futurity Champion's Ring

*Making a Lasting Impression on the Title and on the Ring*

**A** story is being told within each one-of-a-kind diamond ring that defines a masterpiece by MS Diamonds TX. Inspired by the deep traditions of the National Reining Horse Association, MS Diamonds TX has created a unique trophy ring design that bellows the name Champion. With cutting edge jewelry technology and a vast inventory of diamonds, MS Diamonds TX offers 21st century craftsmanship to a new tradition.

The internationally known company has gone to great lengths

to develop a diamond jewelry line that is as bold as the name suggests – Sleipnir. The mythological creature happens to be an eight-legged horse with supernatural strength and belonged to the Norse god Odin. MS Diamonds TX's Sleipnir, the sliding one, brought forth the first NRHA Futurity Lucas Oil Level 4 Open Champion Ring to the 2016 NRHA Level 4 Open Futurity Champion Rider and Owner. A ring so rare that it was first revealed at the 50th Anniversary of the NRHA Futurity and is an exclusive product for the NRHA. ♦

*NRHA traditions span more than 50 years.*

*For the first time ever*

MS Diamonds TX is proud to present the new champions and owner ring, a remarkable diamond masterpiece creation.
